AMENDING NEWBERG MUNICIPAL CODE, TITLE 15, 15.250.080
COMPREHENSIVE PLAN AND ZONING DESIGNATIONS

HEARING DATE: May 13, 2021

FILE NO: DCA21-0001

APPLICANT: Initiated by City Council Resolution No. 2021-3724

REQUEST: A Resolution recommending City Council amend the Newberg Municipal Code, Title 15, 15.250.080 Comprehensive Plan and Zoning Designations

ATTACHMENTS:

Resolution 2021- 370 with:
Exhibit "A": Development Code Amendment
Exhibit "B": Findings

1. City Council Resolution No. 2021-3724 Initiating the Development Code Amendment

A. SUMMARY:

The proposed amendment does the following:

Amends Newberg Municipal Code, Title 15 Development Code, 15.250.080 adding the M-E (Mixed Employment) appropriate zoning classification to the MIX Comprehensive Plan Classification, and adds text to IND consistent with COM and MIX on the appropriate zoning as determined by the director.

BACKGROUND:

The Newberg City Council accepted the 2019 Riverfront Master Plan on September 16, 2019 by Resolution No. 2019-3596. On November 16, 2020 the City Council adopted Ordinance No. 2020-2868 adopting land use regulations related to the Riverfront Master Plan area through CPTA20-0001/CPMA20-0002/DCA20-0001/ZMA20-0002.

"Working Together For A Better Community-Serious About Service"

Staff has been discussing with property owners in the Riverfront area the option of annexing into the city limits. During those discussions staff noted that with the MIX Comprehensive Plan designation and the adopted M-E (Mixed Employment Planning District designation) in the Riverfront area for a portion of the mill site that the corresponding M-E planning district classification had not been included in Newberg Municipal Code, Title 15 development Code, 15.250.080. This proposal clears up that oversight so that at the time of annexation of the mill site the appropriate zoning designation can be applied.

In addition the COM and MIX Comprehensive Plan and the corresponding zoning classification has language that the appropriate zoning classification would be determined by the Director. This language is missing in the IND Comprehensive Plan designation and corresponding zoning classification and is proposed to be added.

B. PROCESS: A municipal code amendment is a Type IV application and follows the procedures in Newberg Municipal Code 15.100.060. The Planning Commission will hold a legislative hearing on the application. The Commission will make a recommendation to the Newberg City Council. Following the Planning Commission’s recommendation, the Newberg City Council will hold a legislative public hearing to consider the matter. Important dates related to this application are as follows:

1. 2/16/21: The Newberg City Council adopted Resolution 2021-3724, initiating the Comprehensive Plan Amendment.
2. 4/28/21: Planning staff placed notice on Newberg’s website, and posted notice in four public buildings. *The Newberg Graphic* published notice of the hearing.
3. 5/13/21: The Planning Commission held a public hearing, took public testimony, and deliberated on the proposal.

C. PUBLIC COMMENTS: As of the writing of this report, the City has received no comments on the proposal.

D. STAFF COMMENTS: As of the writing of this report, the City has received the following comments on the proposal.

Finance Department – Reviewed, no conflict
Police Department – Reviewed, no conflict
Ziplly - Reviewed, no conflict
Public Works Engineering - Reviewed, no conflict

E. DISCUSSION:

To implement the Riverfront Master Plan the City Council reviewed a proposal, Ordinance No. 2020-2868 to adopt new land use regulations as part of CPTA20-0001/CPMA20-0002/DCA20-0001/ZMA20-0002. Part of these new land use regulations created a new zoning

classification of M-E (Mixed Employment) for 21.5 acres of the mill site located immediately east of S River Street and south of the Newberg-Dundee Bypass. The M-E zoning allows the base uses of industrial and a limited amount of commercial activities with a cap of 60,000 square feet of commercial and 60,000 square feet of office.

The Newberg Development Code has a provision in 15.250.080B which at the time of annexation, the area annexed shall be automatically zoned to the corresponding land use zoning classification which implements the Newberg Comprehensive Plan Map designation. The M-E zoning classification was not added to this section in November 2020. This proposal corrects that oversight.

In addition the COM and MIX Comprehensive Plan and the corresponding zoning classification has language that the appropriate zoning classification would be determined by the Director. This language is missing in the IND Comprehensive Plan designation and corresponding zoning classification and is proposed to be added.

PRELIMINARY STAFF RECOMMENDATION:

The preliminary staff recommendation is made in the absence of public hearing testimony, and may be modified subsequent to the close of the public hearing. Staff recommends that the Planning Commission does the following:

- 1. Consider the staff report, public testimony, and the findings.*
- 2. Deliberate.*
- 3. Make a motion to adopt Resolution No. 2021-370, which recommends that City Council adopt the Development Code amendments.*

APPROVAL CRITERIA

A. Statewide Planning Goals (the “Goals”)

GOAL 1: CITIZEN INVOLVEMENT

To develop a citizen involvement program that ensures the opportunity for citizens to be involved in all phases of the planning process.

Finding: The City meets this requirement by having various citizen committees and/or commissions with opportunities for the public to testify on general or specific matters. The proposal went before the Newberg Planning Commission on May 13, 2021 and Newberg City Council on June 21, 2021, which provided the opportunity for public comment. A web page was also prepared to inform the public of the pending proposal. Finally, notice was published in the Newberg Graphic newspaper and posted in four public places.

The amendment is subject to the Type IV Legislative process, which requires public notification and public hearings before the Planning Commission and the City Council. This process has been established by the City and determined to be consistent with Goal I of the Oregon Statewide Planning Goals. The public hearing notice of the action and decision, and the hearings on this case before the Planning Commission and the City Council are all recognized as opportunities for citizen participation.

The Goal is met.

GOAL 2: LAND USE PLANNING

To establish a land use planning process and policy framework as a basis for all decisions and actions related to use of land and to assure an adequate factual base for such decisions and actions.

Finding: This Goal requires that land use decisions 1) have an adequate factual base, 2) that alternatives have been considered, and 3) that implementation measures are consistent with and adequate to carry out comprehensive plan policies and designations.

The proposed land use action has an adequate factual base and has been thoroughly described in this application.

The alternatives to amending the municipal code text would be to: 1) deny the application and require an applicant to go through an extended application process to apply the M-E zone.

Implementation measures proposed are consistent with and adequate to carry out comprehensive plan

policies and designations as noted in these findings.

The Goal is met.

GOAL 3: AGRICULTURAL LANDS

To preserve and maintain agricultural lands.

Finding: Not applicable because the proposal does not propose any land use regulation changes to agricultural lands outside of the Newberg Urban Growth Boundary.

GOAL 4: FOREST LANDS

To conserve forest lands by maintaining the forest land base and to protect the state's forest economy by making possible economically efficient forest practices that assure the continuous growing and harvesting of forest tree species as the leading use on forest land consistent with sound management of soil, air, water, and fish and wildlife resources and to provide for recreational opportunities and agriculture.

Finding: Not applicable because the proposal does not propose any land use regulation changes to the Stream Corridor that protects wooded areas within the Newberg Urban Growth Boundary.

GOAL 5: NATURAL RESOURCES, SCENIC AND HISTORIC AREAS, AND OPEN SPACES

To protect natural resources and conserve scenic and historic areas and open spaces.

Finding: The proposed amendment will not negatively impact inventoried Goal 5 resources because the amendments do not change protections that already exist in the Newberg Municipal Code to protect these resources. The Riverfront Master Plan also envisions regional trail connections connecting Newberg's parks and nearby regional destinations. Newberg has an acknowledged Stream Corridor designation, inventoried historic resources, and identified open spaces in compliance with Goal 5.

This Goal is met.

GOAL 6: AIR, WATER AND LAND RESOURCES QUALITY

To maintain and improve the quality of the air, water and land resources of the state.

Finding: Newberg has an acknowledged Comprehensive Plan that complies with this goal. Protections are already in place for air, water, and land resource quality. This proposal does not modify the existing goals and policies.

This Goal is met.

GOAL 7: AREAS SUBJECT TO NATURAL HAZARDS

To protect people and property from natural hazards.

"Working Together For A Better Community-Serious About Service"

Finding: Newberg has an acknowledged Comprehensive Plan that complies with this goal. This proposal does not modify the City’s natural hazards requirements such as flood plain or landslide areas. This proposal does not modify the existing goals and policies.

This Goal is met.

GOAL 8: RECREATIONAL NEEDS

To satisfy the recreational needs of the citizens of the state and visitors and, where appropriate, to provide for the siting of necessary recreational facilities including destination resorts.

Finding: Newberg has an acknowledged Comprehensive Plan that complies with this goal. This proposal does not modify the City’s recreational goals and policies.

This Goal is met.

GOAL 9: ECONOMIC DEVELOPMENT

To provide adequate opportunities throughout the state for a variety of economic activities vital to the health, welfare, and prosperity of Oregon's citizens.

Finding: The 2019 Riverfront Master Plan proposal envisions the riverfront as an economically thriving area with a mix of residential, commercial, industrial, and employment uses. The adopted changes to the Comprehensive Plan and Map, and Development Code (CPMA20-0002/DCA20-0001) included a new mixed employment area on the Riverfront Mill Site that is intended to provide a flexible mix of light industrial and employment uses that will support the City’s diverse employment opportunities. This proposal clarifies that at the time of annexation the M-E zoning would apply to this mixed employment area.

The Goal is met.

GOAL 10: HOUSING

To provide for the housing needs of citizens of the state.

Finding: Not applicable as the proposal does not relate to proposed housing. The proposal relates to mixed employment areas in the Riverfront that does not allow housing.

The Goal is met.

GOAL 11: PUBLIC FACILITIES AND SERVICES

To plan and develop a timely, orderly and efficient arrangement of public facilities and services to serve as a framework for urban and rural development.

Finding: Not applicable as the proposal does not relate to proposed public facilities housing. The proposal relates to the mixed employment area in the Riverfront. Through separate actions the City

has or is addressing public facilities (CPTA20-0002 - Transportation, CPAT20-0003 - Water, CPAT20-0004 - Wastewater, and CPTA20-0005 - Stormwater).

The proposal meets the Goal.

GOAL 12: TRANSPORTATION

To provide and encourage a safe, convenient and economic transportation system.

Finding: Not applicable as the proposal does not relate to proposed transportation. The proposal relates to the mixed employment area in the Riverfront. Through a separate action the City has addressed transportation (CPTA20-0002, Ordinance No. 2021-2871).

The proposal meets the Goal.

GOAL 13: ENERGY CONSERVATION

To conserve energy.

Finding: Not applicable as the proposed amendment does not affect energy conservation.

This Goal is met.

GOAL 14: URBANIZATION

To provide for an orderly and efficient transition from rural to urban land use, to accommodate urban population and urban employment inside urban growth boundaries, to ensure efficient use of land, and to provide for livable communities.

Finding: The proposed amendment does not include an expansion of the Urban Growth Boundary but ensures the efficient use of the land within the Urban Growth Boundary for the projected population and employment opportunities within the City and meets the goal. Development of the Riverfront area will maintain Newberg’s identity and enhance the quality living and employment environment by balancing growth and providing cultural activities.

This Goal is met.

GOAL 15: WILLAMETTE RIVER GREENWAY

To protect, conserve, enhance and maintain the natural, scenic, historical, agricultural, economic and recreational qualities of lands along the Willamette River as the Willamette River Greenway.

Finding: Not applicable because the proposal does not propose any land use regulation changes to the Willamette River Greenway.

This Goal is met.

The alternatives to amending the municipal code text would be to: 1) deny the application and require an applicant to go through an extended application process to apply the M-E zone.

Implementation measures proposed are consistent with and adequate to carry out comprehensive plan policies and designations as noted in these findings.
