NOTICE OF PAVEMENT IMPROVEMENTS PROJECT

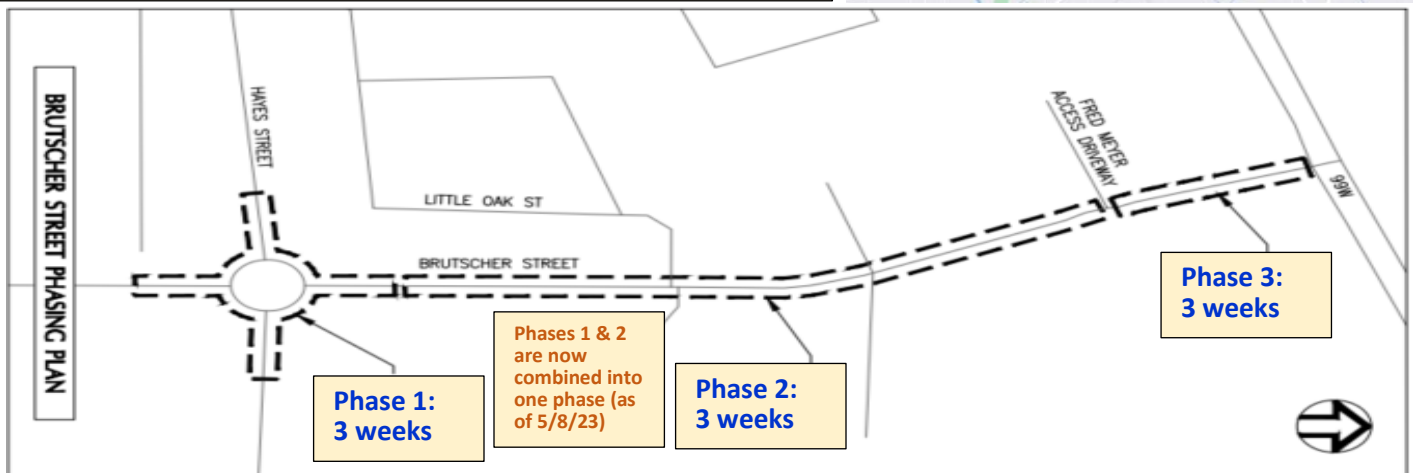

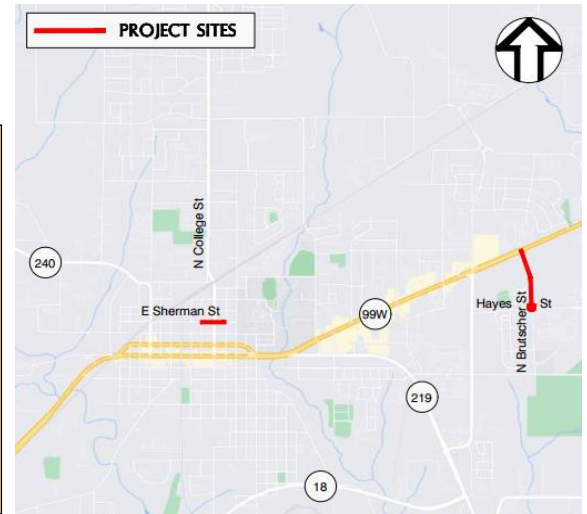

Información en Español #503-554-7763 email: engineering@newbergoregon.gov

Project Background

The City collects a transportation utility fee (TUF) for preserving and rehabilitating pavement for City streets.

N Brutscher Street (E Hayes St to Hwy 99W) and **E Sherman Street (N School St to N Meridian St.)** are scheduled for reconstruction with new pavement in the next few months. The sidewalk ramps on these streets were upgraded in fall 2022.

Eagle-Elsner, Inc. will be performing pavement reconstruction work as authorized by Council Resolution No. 2022-3824.

CONSTRUCTION:

Eagle-Elsner, Inc. will begin **Full Depth Reclamation (FDR)** to rehabilitate **N Brutscher Street** pavement on **May 1, 2023**. FDR will begin at the **E Hayes Street** roundabout on **N Brutscher Street** and moving north towards **Highway 99W** according to the above phasing plan in 3 phases.

Construction requires street closure in phases. Traffic detour will be implemented and signed accordingly. Pedestrians will have a designated path. Please observe traffic detour and control. Work hours are 7:00 am to 6:00 pm Monday through Friday each week except for holidays.

WHAT YOU CAN DO:

- Expect traffic delay: **Take N Providence Dr or N Springbrook Rd to detour around N Brutscher Street.**
- Observe traffic control signs, watch for workers in construction zone, and drive with care please.

Business owners, property or homeowners, and residents, are encouraged to visit the project webpage for updates at: <https://www.newbergoregon.gov/engineering/project/2022-pavement-rehabilitation-maintenance-projects>.

Contact Dale or Paul if you have any questions or concerns:
