Informational Meeting Proposed College Street Local Improvement District

The City Council has set a Public Hearing for Monday, May 6, 2013, to consider the formation of the College Street Local Improvement District (LID). Enclosed is a copy of the City Council resolution number 2013-3036 and the engineer's LID report. While these documents will provide you with an overview of the LID process and the project limits, we understand that you may have more questions about the project and the impacts to your property. We have arranged a **Neighborhood Informational Meeting** for **April 2, 2013**, from 7:00 p.m. to 9:00 p.m., at Newberg Presbyterian Church Fellowship Hall, 501 Mission Drive, Newberg, OR 97132 so that city staff can provide you answers to your questions. We encourage you to be informed by attending both the informational meeting on April 2 and the City Council Public Hearing on May 6.

The City is excited to provide your neighborhood with continuous sidewalks and bicycle lanes extending from Illinois Street to Aldercrest Drive. To do so, we need your support and encourage you to be part of this process. If you have any questions, please feel free to contact us. Your involvement is much appreciated.

Sincerely,

Paul Chiu, PE, Senior Engineer/Project Manager

Enclosure

Top and bottom photos show pedestrian and bicycle traffic, and the recent installation of sidewalk across the railroad tracks at College Street, which is the southern portion of the improvement project.
