

Destroyer of Light

by Jennifer Marie Brissett

Having destroyed Earth, the alien conquerors resettle the remains of humanity. In the four habitable areas of the planet--Day, Dusk, Dawn, and Night--the haves and have nots, criminals and dissidents, and former alien conquerors irrevocably bind three stories.

The Devil You Know

by Kit Rocha

Maya, genetically engineered for genius and trained for revolution, vows to stop an operation trading in genetically enhanced children with the help of Gray, who, unable to escape the time bomb in his head, has found his purpose in his final days - keeping Maya safe.

The End of Men

by Christina Sweeney-Baird

A mysterious virus has broken out that seems to effect only men. Dr. Amanda MacLean reports this and is dismissed as hysterical. By the time her warning is heeded, it is too late. The virus becomes a global pandemic--and a political one.

Firebreak

by Nicole Kornher-Stace

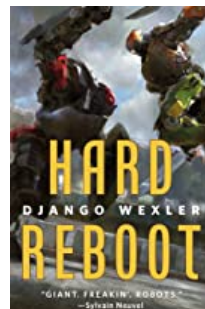

Mallory streams Stellaxis's wargame SecOps on BestLife, spending too much time in the world. When a chance encounter with one of the game's rare super-soldiers leads to a side job for Mal, she tries to link an actual missing girl to one of the SecOps characters.

The Galaxy and the Ground Within

by Becky Chambers

When a freak technological failure strands travelers at the Five-Hop One-Stop on the planet Gora, three alien strangers get to know each other.

Hard Reboot

by Django Wexler

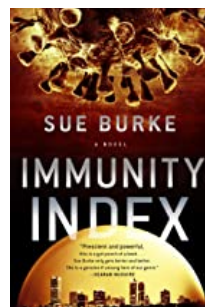

Kas is on a mission. But when she's tricked into wagering money belonging to her school on the outcome of a robot arena battle she becomes drawn into the underworld of old Earth politics and battle-droid prizefights. Is it time to get back to the books, yet?

Holdout

by Jeffrey Kluger

Walli Beckworth refuses to leave her post at the international space station after an accident forces her colleagues to evacuate in the hopes of using her position to save her niece working as a healthcare provider in the Amazon jungle.

Immunity Index

by Sue Burke

In a dystopian future, three young women discover an abnormality that they all share and are shocked to learn that they were created by a gifted geneticist.

Legacy of Seven

by P. J. Flie

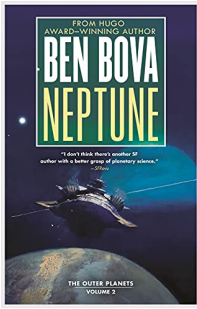

Zairoc, Sir Francis, Trick Mark and the construction robot CD-45. Their destinies will collide. But concealed from everyone, a young woman holds the key to each of their fates. Will she become the hero it needs?

Meet Me in Another Life

by Catriona Silvey

Thora and Santi are strangers in a foreign city when a chance encounter intertwines their fates. At once, they recognize in each other a kindred spirit. They must discover the truth of their mysterious attachment before their many lives come to one, final end.

Neptune

by Ben Bova

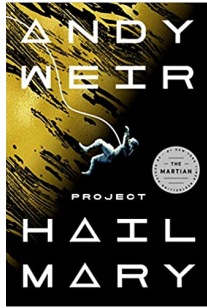

When a billionaire's daughter organizes a mission to find the truth about her father's disappearance under Neptune's frozen seas, she discovers something that will up-end humanity's understanding of our origins on Earth.

Prime Directive

by Davis Bunn

Lieutenant Amanda Bostick must solve the mystery behind the unreported murders of sixteen scientists at an inconsequential outpost on the planet Loria. Is there a simple explanation or are there deeper conspiracies at play?

Project Hail Mary

by Andy Weir

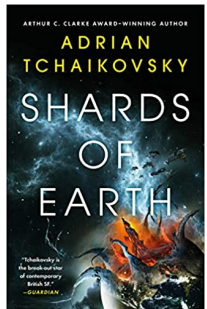

Ryland Grace is the sole survivor on a desperate, last-chance mission--and if he fails, humanity and the earth itself will perish. Alone on this tiny ship that's been cobbled together, it's up to him to conquer an extinction-level threat to our species.

Reclaimed

by Madeleine Roux

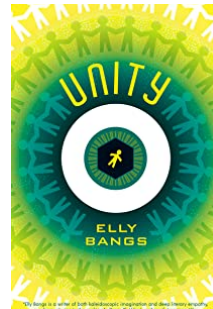

Senna thought that the Ganymede compound would be a fresh start when she arrived to take part in a treatment, where she'll have traumatic memories erased. Senna will need to unravel the mystery of her present to save her future.

Shards of Earth

by Adrian Tchaikovsky

Idris, an enhanced human, and his crew, 50 years after the destruction of the earth by alien aggressors, the Architects, discover something strange in space that many people would kill to obtain - and could herald the return of the enemy.

Unity

by Elly Bangs

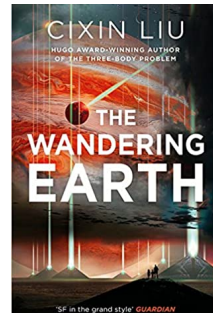

Danae is haunted by a grief. She cannot be returned to the larger collective of beings to whom she once belonged. Danae plans to escape the city with her lover, Naoto. Meanwhile, an old stalker has picked up her trail, and a new foe has put a bounty on her head.

The Unraveling

by Benjamin Rosenbaum

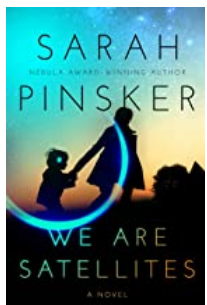

Growing up in the future and galaxy where biotechnology has revolutionized gender and cybernetics have abolished privacy, young Fift is challenged by a relationship that sparks a revolution against enforced societal mandates.

The Wandering Earth

by Cixin Liu

Here is the first collection of Cixin Liu's short fiction: eleven stories, including five Chinese Galaxy Award-winners, form a blazingly original ode to planet earth, its pasts and its futures.

We are Satellites

by Sarah Pinsker

In a world where you must get a new brain implant called a Pilot or get left behind, Sophie and her anti-Pilot movement rise up to stop this technology, which pits her against the Pilot's powerful manufacturer — and the people she loves most.

Wild Seed

by Octavia E. Butler

While attempting to move his people--a group of psychic witches--to the New World, four-thousand-year-old Doro encounters Anyanwu, a woman who refuses to submit to his control.
