§ 15.225.060 - TYPE III CONDITIONAL USE PERMIT CRITERIA

It is recognized that certain types of uses require special consideration prior to their being permitted in a particular district. The reasons for requiring such special consideration involves, among other things, the size of the area required for the full development of such uses, the nature of the traffic problems incidental to operation of the use, the effect such uses have on any adjoining land uses and on the growth and development of the community as a whole.

All uses permitted conditionally are declared to be possessing such unique and special characteristics as to make impractical their being included as out-right uses in any of the various districts herein defined. The authority for the location and operation thereof shall be subject to review and the issuance of a conditional use permit. The purpose of review shall be to determine that the characteristics of any such use shall be reasonably compatible with the types of uses permitted in surrounding areas, and for the further purpose of stipulating such conditions as may be reasonable so that the basic purposes of this code shall be served. Nothing construed herein shall be deemed to require the hearing body to grant a conditional use permit.

Conditional Uses Permitted in Any Zoning District (with an approved conditional use permit application):

- (A) Airports and landing fields.
- (B) Amusement parks.
- (C) Carnivals and circuses, if established for more than two weeks, except those in conjunction with a county fair or other outdoor governmentally sponsored event.
- (D) Cemeteries.
- (E) Facilities for the care and/or lodging of alcoholics, except publicly or privately operated rehabilitation centers providing clinical supervision, care and intensive treatment to persons with alcohol and/or chemical dependency problems.
- (F) Garbage dumps, sanitary land fills. Solid waste collection facility when under franchise by the city. This conditional use would include temporary storage and transfer of recyclable solid waste, supply storage, vehicle and equipment storage, service or repair and related accessory uses including disposal or landfill sites.
- (G) Heliports and helistops.
- (H) Jails or penal farms.
- (I) Mental hospitals.
- (J) Pound, dog or cat, (kennel).
- (K) Race tracks, including drag strips and go-cart tracks.
- (L) Sewage treatment plants.
- (M) Home occupations with more than one outside paid employee working at the residence at any given time.
- (N) Modifications to public street standards for the purpose of ingress and egress to a minimum of three and not more than six lots.

Provide a written response that specifies how your project meets the following criteria:

- (A) The location, size, design and operating characteristics of the proposed development are such that it can be made reasonably compatible with and have minimal impact on the livability or appropriate development of abutting properties and the surrounding neighborhood, with consideration to be given to harmony in scale, bulk, coverage and density; to the availability of public facilities and utilities; to the generation of traffic and the capacity of surrounding streets, and to any other relevant impact of the development.
- (B) The location, design, and site planning of the proposed development will provide a convenient and functional living, working, shopping or civic environment, and will be as attractive as the nature of the use and its location and setting warrants. The proposed development will be consistent with this code.
- (C) The proposed development will be consistent with this code.

WRITTEN CRITERIA RESPONSE

Project Overview

Property Description:	Tax Lot R3218AC02008 219 W Levi Way Newberg, OR 97132
Zoning:	R-1
Zoning Use Table:	Vacation Rental – Conditional Use

Project Summary

The owners are submitting this application to allow for the use of their existing single family residence as a vacation rental home subject to the standards identified in City Code 15.225.060

Newberg Municipal Code 15.225.060 – General Conditional Use Permit

- A. The proposed use is a Short-Term Vacation Rental (STR) when the owners are not occupying the residence.
 - 1. The proposed Short-Term Rental is a Single-Family Residence; per public record the property was built in 2002.
 - 2. The property is located within 1 mile of George Fox University, 3 blocks away from Jaquith Park, and a short walk to downtown businesses and restaurants. Short-term rentals will allow a place to stay for parents visiting their student children and will bring tourists and revenue to local Newberg businesses. As a short-term rental and personal vacation home, the impact to the surrounding properties will not be significantly impacted. Updates to the property include updated roof and sewer, flooring, hardware and light fixtures, landscaping, front door security hardware, and all add to the value of the home and in turn, the neighborhood. Curb appeal on the property will be constantly maintained to keep in line with the neighborhood. The lawn is mowed regularly.
 - 3. The property will be managed directly by an independent management company. Owners' have immediate family that live in Sherwood, Oregon, which is less than 9 miles away from the property. For short-term guests, we will allow a maximum of 6 adults at one time (2 per room). Guests will be held to standard of respect and awareness of the surrounding properties and homes. The guests will be held to a strict no parties or events policy. Quiet hours will begin at 9:00 pm and will be enforced with noise monitoring devices that will alert the owners if not in compliance.
- B. The property has a driveway and garage which can house two vehicles. Street parking will not be permitted. The location, design, and site of the property and home will provide a convenient and functional accommodation to families and couples visiting the Short-Term Rental. Per local ordinance, occupancy is limited to two per bedroom, is not expected to generate any more traffic than long-term residents; and in actuality is expected to generate less traffic and utility use, as STRs are typically occupied only 45-50% of the time.
- C. The proposed use, being consistent with zoning regulations and Oregon Supreme Court definitions of residential use (Yogman v Parrott 1997) appears to be consistent with the Newberg Municipal Code.

<u>Newberg Municipal Code 15.445.300 – Special Use Requirements</u>

In the event two or more complaints are received in a calendar year without resolution by the code compliance officer, the applicant understands the following may occur:

- A. Revoke the registration for noncompliance with the standards in this section. If this permit is revoked, the premises may not be used as a vacation rental home for a period of two years, or a period of lesser time as determined by the hearings officer.
- B. Impose additional conditions necessary to fulfill the purpose of this section.
