G. ANALYSIS: The proposed vacation rental will be compatible with the surrounding residential uses and neighborhood based on the proposed use, size, operating characteristics, and scope. The characteristics of a vacation rental are not dissimilar from other rented and owned dwellings. The maximum occupancy is regulated by the number of bedrooms – two guests per bedroom. Because the residence possesses four bedrooms and is allowed up to two guests per bedroom, the maximum number of guests in the house is eight (8). The application materials indicate that two (2) off-street parking spaces exist in a garage and another three (3) parking spaces are available in the driveway. The application materials indicate that two (2) driveway parking spots will be made available for use by vacation rental guests.

Further, the application materials indicate that the Applicant intends to live on-site during vacation rental activities, operating what is sometimes referred to as a “Home Share” within the short-term rental industry.

H. PRELIMINARY STAFF RECOMMENDATION: The preliminary staff recommendation is made in the absence of public hearing testimony and may be modified after the close of the public hearing. At the time this report was drafted, staff recommends the following motion:

Move to adopt Planning Commission Order 2023-16, which approves the requested conditional use permit with the attached conditions of approval in Exhibit “B”.

Vacation Rental at 3512 E Coffey Lane**

Formatting notes: The Newberg Municipal Code (NMC) criteria are written in *italic bold* font and the findings are written in regular font. The NMC criteria will be presented first, followed by the findings of fact. Finding of fact with underlined font indicate subsequent inclusion in Exhibit “B” Conditions of Approval.

I. CONDITIONAL USE PERMIT CRITERIA THAT APPLY (NMC SECTION 15.225.060)

- A. The location, size, design and operating characteristics of the proposed development are such that it can be made reasonably compatible with and have minimal impact on the livability or appropriate development of abutting properties and the surrounding neighborhood, with consideration to be given to harmony in scale, bulk, coverage and density; to the availability of public facilities and utilities; to the generation of traffic and the capacity of surrounding streets, and to any other relevant impact of the development.*

Finding: The vacation rental would occur in an existing four-bedroom, single-family dwelling located approximately two miles east of downtown Newberg. The Applicant has proposed to use the dwelling as a short-term vacation rental with a maximum occupancy of two people in one bedroom. Weekly trash, recycling, and yard waste service are in place for the property and provided by Waste Management with the application materials indicates that collection occurs on Mondays. The subject property has two off-street parking spaces in an existing garage, and an additional three off-street parking spaces in the driveway.

The proposed vacation rental use is similar to other residential uses in design and operating characteristics. The home has four bedrooms and is therefore eligible to host a maximum of eight occupants. The application materials indicate that at least two off-street parking spaces will be provided to short-term rental guests in the driveway parking area. The subject property is located in the R-1 zoning district and abutted on all sides by properties in the R-1 zoning district.

Because the size, design and operating characteristics of a vacation rental home are similar to residential use of the existing single-family residence, the use is compatible with the surrounding residential neighborhood and would effectively function no differently than the existing residential uses in the surrounding area.

This criterion is met.

- B. The location, design, and site planning of the proposed development will provide a convenient and functional living, working, shopping or civic environment, and will be as attractive as the nature of the use and its*

location and setting warrants.

Finding: According to the application materials, the Applicant states that the property will be convenient for visitors, providing a functional living environment located less than half a mile from shopping centers along N Springbrook Road and Highway 99W. The subject property is located approximately 2 miles east of downtown Newberg.

Because the operating characteristics of a vacation rental home are similar in size and scope to a long-term rental (longer than 30-days) or owner occupied dwelling, a vacation rental home is a compatible use with other residential uses.

This criterion is met.

C. *The proposed development will be consistent with this code.*

Finding: The vacation rental standards are addressed in findings below. If the proposed project complies with the standards of Article VII. Vacation Rentals (NMC Chapter 15.445) the application will be consistent with code requirements.

II. APPLICABLE CRITERIA FOR VACATION RENTAL HOMES (NMC 15.445.300, ARTICLE VII. VACATION RENTAL HOMES)

15.445.310 *Where allowed.*

Vacation rental homes are permitted in areas shown on Chapter 15.305 NMC. The vacation rental home must be a structure approved for occupancy as a single-family dwelling unit.

Finding: The subject property is zoned R-1. The table below is an excerpt from NMC Chapter 15.305, which states that vacation rental homes are permitted as a conditional use in the R-1 zone. The owner has applied for a conditional use permit for the proposed vacation rental home. The structure was previously approved for occupancy as a single-family dwelling unit.

<u>Use</u>	R-1	R-2	R-3	R-4	RP	C-1	C-2	C-3
<u>Vacation rental home</u>	C	C	S	S	S	S(13)	S(13)	S(13)

Because vacation rental homes are permitted in the R-1 zoning district as a conditional use and the subject property possesses a single-family dwelling located in the R-1 zoning district, the use is permitted pursuant to approval of a conditional use permit.

This criterion is met.

15.445.320 *Registration required.*

Prior to use or advertising for use of a dwelling as a vacation rental home, the owner or operator shall register the vacation rental home with the city on

forms provided by the director. The registration shall include such information required by the director, including the name and contact information for the owner, operator and a local contact.

Finding: As required by NMC 15.445.320, prior to the use of the home as a vacation rental the Owner or Applicant will be required to register the vacation rental home with the City and will be required to pay the transient lodging tax. This criterion will be met with the adherence to the aforementioned condition of approval.

15.445.330 Standards.

A. The vacation rental home shall provide a minimum of two parking spaces on the site that are available for use of the rental occupants.

B. The applicant shall provide for regular refuse collection.

C. The vacation rental home may not be occupied by more than two rental occupants per bedroom, up to a maximum of 15 people.

D. The premises of the vacation rental home may not include any occupied recreational vehicle, trailer, tent or temporary shelter during the rental occupancy.

Finding: The Applicant has requested to operate a vacation rental property. Because the standards relate to continued operation of the vacation rental, the Applicant shall ensure that the vacation rental will:

- A. Provide at least two off-street parking spaces at the subject property in the driveway.
- B. Maintain weekly garbage, and yard debris collection, and every other week recycling collection by Waste Management that is to be picked up in front of the home.
- C. Offer a vacation rental in an existing single family home with a maximum occupancy of two vacation rental guests per bedroom.
- D. Guest contracts shall not allow recreational vehicles, trailers, tents, or temporary shelters during the rental occupancy.

These criteria are met with the adherence to the conditions of approval.

15.445.340 Registration posting.

The applicant shall post the vacation rental home registration within the dwelling adjacent to the front door. At a minimum, the posting will contain the following information:

A. The name of the operator and a telephone number where the operator may be reached.

B. The telephone number for the police department.

C. The maximum number of occupants permitted to stay in the dwelling.

D. The standards for the rental occupancy.

E. The solid waste collection day.

Finding: The Applicant has acknowledged the requirements listed in NMC Section 15.445.340 and has stated that they will comply with these requirements. Because the Applicant has stated that they will comply with the requirements, prior to the use of the home as a vacation rental and during the use of the home as a vacation rental, the Applicant is required to post the required information for NMC 15.445.040(A-E) by the front door of the vacation rental.

- The vacation rental home may not be occupied by more than two rental occupants per bedroom, up to a maximum of 2 people.
- The premises of the vacation rental home may not include any occupied recreational vehicle, trailer, tent, or temporary shelter during the rental occupancy.

The requirements of NMC Section 15.445.040 will be met with adherence to the aforementioned conditions of approval.

15.445.350 Complaints and revocation of registration.

If the city receives two or more written complaints within a one-year period regarding a vacation rental home occupancy, and the issues have not been resolved through the code enforcement officer, the city manager may schedule a hearing to consider revoking the vacation rental home registration. The hearing may be conducted by the city manager, or other such hearings officer as the city manager may appoint for this purpose. The city manager shall notify the owner and operator of the hearing, those submitting written complaints, and may invite others to submit testimony at the hearing.

After hearing the facts, the city manager may do any of the following:

A. Revoke the registration for noncompliance with the standards in this section. If this permit is revoked, the premises may not be used as a vacation rental home for a period of two years, or a period of lesser time as determined by the hearings officer.

B. Impose additional conditions necessary to fulfill the purpose of this section.

C. Establish a probationary period to monitor compliance.

D. Dismiss the complaint.

E. Refer the matter to the code enforcement officer for citation in municipal court or other appropriate jurisdiction.

The hearings officer's decision may be appealed to the planning commission by the applicant, owner, or person filing the written complaint within 14 calendar days of the date of the decision in the manner provided in NMC 15.100.170.

Finding: The City will follow the procedures listed above in the event complaints are received about the vacation rental home. The Applicant's narrative acknowledges Section 15.445.050 complaints and revocation of registration. The Applicants has indicated they understand the potential for an approval to be revoked if the requirements for operating a vacation rental are not adhered to.
