Findings – File CUP23-0018
Vacation Rental at 1314 N College Street**

Formatting notes: The Newberg Municipal Code (NMC) criteria are written in *italic bold* font and the findings are written in regular font. The NMC criteria will be presented first, followed by the findings of fact. Finding of fact with underlined font indicate subsequent inclusion in Exhibit “B” Conditions of Approval.

I. Conditional Use Permit Criteria That Apply - Newberg Development Code (NMC) Section 15.225.060.

- A. The location, size, design and operating characteristics of the proposed development are such that it can be made reasonably compatible with and have minimal impact on the livability or appropriate development of abutting properties and the surrounding neighborhood, with consideration to be given to harmony in scale, bulk, coverage and density; to the availability of public facilities and utilities; to the generation of traffic and the capacity of surrounding streets, and to any other relevant impact of the development.*

Finding: The vacation rental would occur in an existing two-bedroom, single-family dwelling. The Applicants have proposed to use the dwelling as a short-term vacation rental with a maximum occupancy of four people when not using it for personal use. The applicant intends to manage the property until a sufficient management company is hired. Trash collection is every Wednesday.

The proposed vacation rental use is similar to a residential use in design and operating characteristics. The home has two bedrooms and is therefore eligible to host a maximum of four occupants. There are a total of at least two off-street parking spaces with one being in the garage and the other being in the driveway. There are R-1 designated properties located directly to the north, south, east and west of the subject property. A vacation rental use is compatible with the surrounding residential neighborhood because it would effectively function no differently than the existing residential uses in the surrounding area.

This criterion is met.

- B. The location, design, and site planning of the proposed development will provide a convenient and functional living, working, shopping or civic environment, and will be as attractive as the nature of the use and its location and setting warrants.*

Finding: According to the application materials, the inside and outside of the home is attractively decorated and maintained as well as being in close proximity to George Fox University.

The house is located approximately .61 miles north of the Central Business District of Newberg which provides opportunities for shopping and engaging in the civic environment. A vacation rental is a compatible use with other residential uses because its operating characteristics are similar in size and scope to a long-term rental (longer than 30-days) or owner-occupied dwelling.

This criterion is met.

C. *The proposed development will be consistent with this code.*

Finding: The vacation rental standards are addressed in findings below. If the proposed project complies with the standards of Article VII. Vacation Rentals (NMC Chapter 15.445) the application will be consistent with code requirements.

II. Applicable Criteria for Special Use Standards - NMC 15.445.300 to 15.445.350 relating to Vacation Rental Homes

15.445.310 Where allowed.

Vacation rental homes are permitted in areas shown on Chapter 15.305 NMC.

The vacation rental home must be a structure approved for occupancy as a single-family dwelling unit.

Finding: The subject property is zoned R-1. The table below is an excerpt from NMC Chapter 15.305, which states that vacation rental homes are permitted as a conditional use in the R-1 zone.

The owner has applied for a conditional use permit for the proposed vacation rental home. The structure was previously approved for occupancy as a single-family dwelling unit.

<u>Use</u>	R-1	R-2	R-3	R-4	RP	C-1	C-2	C-3
<u>Vacation rental home</u>	C	C	S	S	S	S(13)	S(13)	S(13)

This criterion is met.

15.445.320 Registration required.

Prior to use or advertising for use of a dwelling as a vacation rental home, the owner or operator shall register the vacation rental home with the city on forms provided by the director. The registration shall include such information required by the director, including the name and contact information for the owner, operator and a local contact.

Finding: According to NMC Chapter 3.10, agents and operators must register for and pay a Transient Lodging Tax for occupancy activities within the City of Newberg which are less than 30 successive calendar days. According to NMC Chapter 5.05, businesses that operate within the City are required to obtain and hold a business license. Because vacation rental homes are

characterized as commercial uses involved in occupancy activities which are less than 30 successive calendar days, operators are required to comply with requirements identified in NMC Chapters 3.10 and 5.05 relating to Transient Lodging Tax and business licenses.

As required by NMC 15.445.320 and other code provisions, prior to the use of the home as a vacation rental the Owner or Applicant will be required to register the vacation rental home with the City and will be required to pay the transient lodging tax and obtain a business license.

This criterion will be met with the adherence to the aforementioned condition of approval.

15.445.330 Standards.

A. The vacation rental home shall provide a minimum of two parking spaces on the site that are available for use of the rental occupants.

B. The applicant shall provide for regular refuse collection.

C. The vacation rental home may not be occupied by more than two rental occupants per bedroom, up to a maximum of 15 people.

D. The premises of the vacation rental home may not include any occupied recreational vehicle, trailer, tent or temporary shelter during the rental occupancy.

Finding: The Applicants have proposed that the vacation rental will:

- A. Provide a minimum of two off-street parking spaces, one in the garage and one in the driveway at the subject property.
- B. Maintain weekly refuse collection on Wednesdays. Receptacles to be stored adjacent to the side of the garage.
- C. Offer a vacation rental in an existing two-bedroom single family home with a maximum occupancy of four people.
- D. Guest contracts shall not allow recreational vehicles, trailers, tents, or temporary shelters during the rental occupancy.

These criteria are met with the adherence to the aforementioned conditions of approval.

15.445.340 Registration posting.

The applicant shall post the vacation rental home registration within the dwelling adjacent to the front door. At a minimum, the posting will contain the following information:

A. The name of the operator and a telephone number where the operator may be reached.

B. The telephone number for the police department.

C. The maximum number of occupants permitted to stay in the dwelling.

D. The standards for the rental occupancy.

E. The solid waste collection day.

Finding: The Applicant has acknowledged the requirements listed in NMC Section 15.445.340 and has stated that they will comply with these requirements. Prior to the use of the home as a vacation rental and during the use of the home as a vacation rental, the Applicant is required to post the required information for NMC 15.445.340(A-E) by the front door of the vacation rental:

City of Newberg Vacation Rental Standards:

- Each vacation rental home shall provide a minimum of two parking spaces on the site that are available for use of the rental occupants.
- The Applicant shall provide for regular refuse collection.
- The vacation rental home may not be occupied by more than two rental occupants per bedroom, up to a maximum of 4 people.
- The premises of the vacation rental home may not include any occupied recreational vehicle, trailer, tent, or temporary shelter during the rental occupancy.

The requirements of Section 15.445.340 will be met with adherence to the aforementioned conditions of approval.

15.445.350 Complaints and revocation of registration.

If the city receives two or more written complaints within a one-year period regarding a vacation rental home occupancy, and the issues have not been resolved through the code enforcement officer, the city manager may schedule a hearing to consider revoking the vacation rental home registration. The hearing may be conducted by the city manager, or other such hearings officer as the city manager may appoint for this purpose. The city manager shall notify the owner and operator of the hearing, those submitting written complaints, and may invite others to submit testimony at the hearing. After hearing the facts, the city manager may do any of the following:

A. Revoke the registration for noncompliance with the standards in this section. If this permit is revoked, the premises may not be used as

a vacation rental home for a period of two years, or a period of lesser time as determined by the hearings officer.

B. Impose additional conditions necessary to fulfill the purpose of this section.

C. Establish a probationary period to monitor compliance.

D. Dismiss the complaint.

E. Refer the matter to the code enforcement officer for citation in municipal court or other appropriate jurisdiction.

The hearings officer's decision may be appealed to the planning commission by the applicant, owner, or person filing the written complaint within 14 calendar days of the date of the decision in the manner provided in NMC 15.100.170.

Finding: The City will follow the procedures listed above in the event complaints are received about the vacation rental home. The Applicant's narrative acknowledges NMC Section 15.445.350 complaints and revocation of registration. The Applicants have indicated they understand the potential for an approval to be revoked if the requirements for operating a vacation rental are not adhered to.
