

Downtown Bike Rack Cost Share Program

What is it? A new pilot program for businesses and the city to partner in getting more bike racks downtown. The city has purchased bike racks in four colors that correspond to the Newberg Downtown Coalition's recommended color palette: bright green, bright blue, terra cotta orange, and wine purple.

Program Details: Racks are available for downtown businesses to purchase at a cost of \$100 each. The City will do the installation and long-term maintenance of the racks.

Why should I participate?

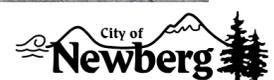

Increase the availability of bike parking for your downtown business!

Encourage more customers to bike to your store!

Add some color and help brighten up our downtown in a functional way!

Newberg Downtown Bike Rack Program Application

Would you like a bike rack to be installed near your downtown business? Bike racks come in four colors: bright green, bright blue, terra cotta orange, and wine purple. Racks are \$100 each. The city will do the installation and long-term maintenance of the racks.

Note: All efforts will be made to install racks where requested; however, the city's public works department must ensure the proposed location meets ADA and other clearance requirements as well as overall suitability. Should your proposed location not meet these requirements, the city will work with you to find an alternative location or will refund your money.

Process: Fill out the application, take to City Hall, and pay for the number of racks requested. City staff will visit your site, review for rack suitability, and contact you with installation details.

Name: _____ Phone Number: _____

Email: _____

Business Name: _____

Business Address: _____

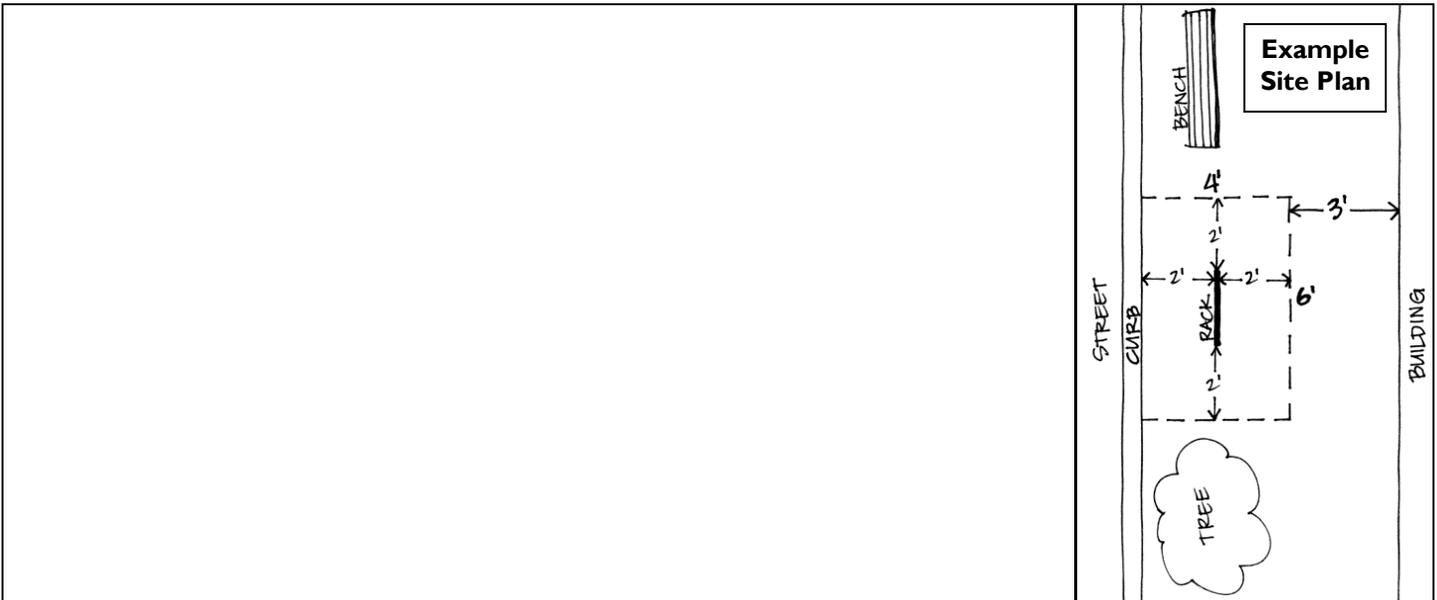

How many bike racks do you want to buy? _____ Total cost (# of racks x \$100): _____

Make checks payable to the City of Newberg for the total cost of all racks. Payment due at time of application.

What color of rack(s) do you want (blue, green, orange, purple)? _____

Note: colors are available on a first-come first-serve basis; all colors may not be available at all times.

What is the proposed location of the rack(s)? Please draw a site plan in the box below and describe where you would like the rack(s) to be located. Keep in mind that each rack needs a space envelope of 4' x 6' and 3 feet of clear sidewalk space must be maintained at all times, as shown in the example below.
