GENERAL INFORMATION

Type II Development Permit Process

Overview: Type II Permit applications are reviewed administratively using a process in which City staff apply clear and objective standards that do not allow limited discretion. Notice is provided to property owners within 500 ft of the site so that they may provide input into the process. The noticing comment period is limited to 14 days in which written comments may be filed. The applicant or any person that comments in writing is able to appeal the staff decision to the Planning Commission. During the 14 day notice period, anyone may request that a Type II Subdivision decision be converted to a Type III process and that a hearing be held before the Planning Commission. Type II Decisions may take from 30 to 120 days.

Type II Permits Include:

- Design review for commercial, industrial and multi-family projects
- Manufactured home parks and mobile home parks.
- Partitions
- Subdivisions meeting the criteria in NDC § 15.100.040
- Variances

Pre-Application Conference:

Please call to schedule a time for a pre-application meeting (optional) prior to submitting an application. The (Development Review Meetings) or pre-application meetings are held every Wednesday. This meeting provides the opportunity to get advance information from Planning, Engineering, and Building divisions all at once. It is likely to save you time and effort later. The non-refundable pre-application conference fee is \$100, payable prior to the conference. If you continue with the application process after the pre-application conference, the pre-application fee will be applied to reduce the Planning application fee for the project.

Submit Application

- ◆ Pay fees
- ◆ Complete application form(s)
- ◆ Submit plans and other required information

Processing

- ◆ Staff will perform a completeness check of the application and notify applicant of any information that is missing or incomplete.  Processing time 0 to 30 days.
- ◆ Staff will route the application to affected agencies and City departments Processing time 14 to 20 days
- ◆ Applicant will provide copies of mailed and posted notices to the City for review, mail the approved notice to property owners within 500 ft. of the site, post the site, and provide staff with an affidavit verifying that the notice was mailed and posted.  Processing time 14 to 20 days
- ◆ Subdivision Conversion to Type III Review. During the 14 day comment period, anyone may request that a subdivision application be converted to a Type III review process. If this occurs, the subdivision will be reviewed by the Planning Commission at their next available meeting. Processing Time: 30 to 60 days.
- ◆ If all comments are addressed and no changes are required, then an approval letter is sent to the applicant and those providing comment.  Processing Time: 14 to 20 days.

GENERAL INFORMATION

Type II Development Permit Process

Appeals

If the applicant, or another party providing written comments within the noticing period, is dissatisfied with the decision; then an appeal must be filed within 14 calendar days of the issuance of the decision. Appeals of Type II decisions proceed to the Planning Commission and are processed as a Type III decision.

Partition and Subdivision Plats

The applicant must submit final improvement plans and a final partition or subdivision plat within one year of the date of preliminary plat approval. Final plats are processed under a Type I decision.

Building Permits

The applicant may submit building permit applications concurrently with submission of other development applications; however, no building permits will be issued until the appeal period has expired on pending development applications

Helpful Hints:

Questions?

Information is free! Please do not hesitate to call (503) 537-1240 prior to submitting the application.

Partial Applications

Please do not submit partial applications. If the application, plans, and fee are not submitted together; processing will be delayed and the application may not be accepted for review.

Face-to-Face

It is best to submit an application in person. That way you can receive immediate feedback if there is missing information or suggestions for improvements.

CITY OF NEWBERG

REQUIREMENTS FOR MAILED NOTICES

For all Type II and Type III land use applications, mailed notice must be sent to all property owners within five hundred (500) feet of the site. Newberg Development Code §15.100.210 sets forth the requirements for mailed notices. The applicant is responsible for preparing and mailing the notices, for paying the postage, and for submitting an affidavit of mailing within two days of mailing the notices.

Mailing List:

- The applicant must create a mailing list including the tax lot numbers and addresses of property owners within five hundred (500) feet of the outer boundaries of the tax lot or tax lots of the proposed project. This information can be obtained at a local title company.
- The Planning & Building Department may request that notice be provided to people other than those who own property within five hundred (500) feet of the site, if the Department believes that they are affected or otherwise represent an interest that may be affected by the proposed development.
- The mailing list and a copy of the mailed notice should be submitted with the affidavit of mailing.
- Envelopes returned to the post office should go to the Planning & Building Office so that they can be kept with the application file. The return address on the notices should read:

City of Newberg
Planning & Building Department
P.O. Box 970
Newberg, OR 97132

A return address stamp is available at the Planning & Building Office for your convenience.

Mailed Notice Deadlines:

- Before mailing the notice, the applicant must submit a copy for approval to the Planning & Building Office at 414 E. First Street, Newberg, Oregon.
- For Type II actions, the notice must be mailed at least fourteen (14) days before a decision is rendered. For Type III actions, the notice must be mailed at least twenty (20) days before the first new hearing, or if two or more hearings are required, ten (10) days before the first new hearing.
- The affidavit of mailing must be submitted to the Planning & Building Office within two (2) days of mailing the notice.

Sample Notices:

A sample notice is included on the following page. Information to be filled in by the applicant is indicated by italicized text. Sample notices for each application type are located on the web at:

<http://www.newbergoregon.gov/planning/sample-notice-forms-type-ii-applications>

(or to navigate there on your own from the homepage (www.newbergoregon.gov): City Departments, Planning and Building, Planning, Planning Forms)

CITY OF NEWBERG TYPE II
SAMPLE MAILED NOTICE

Planning and Building Department

P.O. Box 970 ▪ 414 E First Street ▪ Newberg, Oregon 97132
503-537-1240. Fax 503-537-1272 www.newbergoregon.gov

**WE WANT YOUR COMMENTS ON A PROPOSED NEW
DEVELOPMENT IN YOUR NEIGHBORHOOD**

A property owner in your neighborhood submitted an application to the City of Newberg to subdivide a parcel of land from *(insert number of original lots i.e. one, two, etc)* lot(s) into *(insert number of lots created)* separate lots. You are invited to take part in the City's review of this project by sending in your written comments. You also may request that the Planning Commission hold a hearing on the application. For more details about giving comments, please see the back of this sheet.

The development would include *(briefly describe what the project number of lots, size of lots, new streets created, etc.)*

APPLICANT: *Applicant's name*
TELEPHONE: *Applicant's phone number*

PROPERTY OWNER: *Property owner name*

LOCATION: *Project Address*

TAX LOT NUMBER: *Yamhill County Tax Map and Lot Number (i.e. 3219AB-1400)*

Insert site map with the project location highlighted as shown on the adjacent sample map.

We are mailing you information about this project because you own land within 500 feet of the proposed new project. We invite you to send any written comments for or against the proposal within 14 days from the date this notice is mailed. You also may request that the Newberg Planning Commission hold a hearing on the application by sending a written request during this 14-day period and identifying the issues you would like the Planning Commission to address.

If you mail your comments to the City, please put the following information on the outside of the envelope:

Written Comments: File No.XX
City of Newberg
Planning & Building Department
PO Box 970
Newberg, OR 97132

(City staff will give you the file number for your project at the time of application)

All written comments must be turned in by 4:30 p.m. on ***enter date two weeks from date you mailed notice***. Any issue which might be raised in an appeal of this case to the Land Use Board of Appeals (LUBA) must be submitted to the City in writing before this date. You must include enough detail to enable the decision maker an opportunity to respond. The applicable criteria used to make a decision on this application for preliminary subdivision plan approval are found in Newberg Development Code 15.235.060(A).

You can look over all the information about this project or drop comments off at Newberg City Hall, 414 E. First Street. You can also buy copies of the information for a cost of 25 cents a page. If you have any questions about the project, you can call the Newberg Planning Division at 503-537-1240.

The City Planning director will make a decision at the end of a 14-day comment period. If you send in written comments about this project, you will be sent information about any decision made by the City relating to this project.

Date Mailed: ***Date notice is mailed***

CITY OF NEWBERG

REQUIREMENTS FOR POSTED NOTICES

For all Type II and Type III land use applications, the site must be posted with an approved notice. Newberg Development Code §15.100.260 establishes the standards for posted notices. Before notice is posted on the site, a copy of the notice must be submitted to the Planning & Building Office for review. Within two (2) days of posting the site, an affidavit of posting must be submitted to the Planning & Building Office.

Posted notices must contain the following information:

- Planning Division file number
- A brief description of the proposal
- Phone number and address for the Newberg Planning & Building Department, 414 E. First Street, phone 503-537-1240

Guidelines for Posting Notice:

- The posted notice must be waterproof and a minimum of two (2) feet by three (3) feet in size.
- Each frontage of the site must be posted. If a frontage is more than six hundred (600) feet in length, additional notices are required for each six hundred (600) feet or fraction thereof. For example, a lot with a 1400' frontage on Wynooski Street must be posted with three notices along that frontage.
- The notices must not be posted within the public right-of-way, though they must be within ten (10) feet of it.
- The notices must be clearly visible to pedestrians and motorists in the public right-of-way, and must not be posted on trees.
- For Type II applications, the site must be posted at least fourteen (14) days before a decision is rendered.
- For Type III applications, the site must be posted at least ten days (10) before the first scheduled hearing.

Signs for posted notices:

The posted notices must be able to withstand adverse weather. All posted notice signs must conform to the attached example. Signs must be landscape orientation and white with black lettering ("sans-serif" font i.e. Arial or block printing).

Signs may be ordered custom-made from sign companies such as Chehalem Sign Co., or applicants may construct their own signs.

Acceptable materials for notice signs: (dimensions: minimum 2' x 3')

- Plywood (but sign face must be white)
- Plastic or corrugated plastic
- Foam core board (available at many art and hobby supply shops)
- Water resistant poster board
- Other weatherproof materials

Posted notice signs may not be attached to trees, and must be located outside the public right-of-way but within ten (10) feet of it. Therefore, the signs should have legs or stakes or otherwise be freestanding.

Removal of Posted Notice:

The notice must remain posted until a final decision is made. Within ten (10) days of the final decision, the notice(s) must be removed from the site by the applicant.

**CITY OF NEWBERG

The notice must be lettered using block printing or a “sans-serif” font, such as Arial.

CITY OF NEWBERG

AFFIDAVIT OF NOTICING REQUIREMENTS

The affidavit on the following page must be submitted to the Planning & Building Department **within two (2) days of mailing notice** and **within two (2) days of posting notice**. The consequences of failure to mail and post notice, and to submit the affidavits within the two (2) day deadline are described in Newberg Development Code §15.100.210(J) and §15.100.260(I).

§15.100.210(J) - Failure to Mail the Notice:

Failure to mail the notice and affirm that the mailing was completed in conformance with the code shall result in:

- (1) Postponement of a decision until the mailing requirements have been met; or
- (2) Postponement of the hearing to the next regularly scheduled meeting or to such other meeting as may be available for the hearing; or
- (3) The entire process being invalidated; or
- (4) Denial of the application.

§15.100.260(I) - Failure to Post the Notice:

The failure of the posted notice to remain on the property shall not invalidate the proceedings. Failure by the applicant to post a notice and affirm that the posting was completed in conformance with the code shall result in:

- (1) Postponement of a decision until the mailing requirements have been met; or
- (2) Postponement of the hearing to the next regularly scheduled meeting or to such other meeting as may be available for the hearing; or
- (3) The entire process being invalidated; or
- (4) Denial of the application.

§15.220.050 - TYPE II DESIGN REVIEW CRITERIA

Type II Site Design Review applies to the following activities:

- Any new development or remodel which is not specifically identified within Newberg Development Code § 15.220.020(A)(1).
- Telecommunication facilities.

The following development activities are exempt from Type II standards:

- Replacement of an existing item such as a roof, floor, door, window or siding.
- Plumbing and/or mechanical alterations which are completely internal to an existing structure.

Provide a written response that specifies how your project meets the following criteria:

- (1) *Design compatibility.* The proposed design review request incorporates an architectural design which is compatible with and/or superior to existing or proposed uses and structures in the surrounding area. This shall include, but not be limited to, building architecture, materials, colors, roof design, landscape design, and signage.
- (2) *Parking and on-site circulation.* Parking areas shall meet the requirements of § 15.440.010. Parking studies may be required to determine if adequate parking and circulation are provided for uses not specifically identified in § 15.440.010. Provisions shall be made to provide efficient and adequate on-site circulation without using the public streets as part of the parking lot circulation pattern. Parking areas shall be designed so that vehicles can efficiently enter and exit the public streets with a minimum impact on the functioning of the public street.
- (3) *Setbacks and general requirements.* The proposal shall comply with §§ 15.415.010 through 15.415.060 dealing with height restrictions and public access; and §§ 15.410.010 through 15.405.040 dealing with setbacks, coverage, vision clearance, and yard requirements.
- (4) *Landscaping requirements.* The proposal shall comply with § 15.420.010 dealing with landscape requirements and landscape screening.
- (5) *Signs.* Signs shall comply with § 15.435.010 et seq. dealing with signs .
- (6) *Manufactured home, mobile home and RV parks.* Manufactured home, mobile home, and recreational vehicle parks shall also comply with the standards listed in §§ 15.445.050 et seq., in addition to the other criteria listed in this section.
- (7) *Zoning district compliance.* The proposed use shall be listed as a permitted or conditionally permitted use in the zoning district in which it is located as found in §§ 15.304.010 through 15.328.040. Through this site review process, the Director may make a determination that a use is determined to be similar to those listed in the applicable zoning district, if it is not already specifically listed. In this case, the Director shall make a finding that the use shall not have any different or more detrimental effects upon the adjoining neighborhood area than those specifically listed.
- (8) *Sub-district compliance.* Properties located within sub-districts shall comply with the provisions of those sub-districts located in §§ 15.340.010 through 15.348.060.
- (9) *Alternative circulation, roadway frontage improvements and utility improvements.* Where applicable, new developments shall provide for access for vehicles and pedestrians to adjacent properties which are currently developed or will be developed in the future. This may be accomplished through the provision of local public streets or private access and utility easements. At the time of development of a parcel, provisions shall be made to develop the adjacent street frontage in accordance with city street standards and the standards contained in the transportation plan. At the discretion of the city, these improvements may be deferred through use of a deferred improvement agreement or other form of security.
- (10) *Traffic study improvements.* If a traffic study is required, improvements identified in the traffic study shall be implemented as required by the Director.

DESIGN REVIEW CHECKLIST

The following items must be submitted with each application. Incomplete applications will not be processed. Incomplete or missing information may delay the review process. Check with the Planning Division regarding additional requirements for your project.

- ☐ **FEES**
- ☐ **PUBLIC NOTICE INFORMATION** – Draft of mailer notice and sign; mailing list of all properties within 500’.
- ☐ **CURRENT TITLE REPORT** (within 60 days old)

Submit one original 8 ½" x 11" or 11" x 17" reproducible document together with 18 copies of the following information. In addition, submit two (2) full size copies of all plans.

- ☐ **WRITTEN CRITERIA RESPONSE** – Address the criteria listed on page 12.
- ☐ **SITE DEVELOPMENT PLAN.** Make sure the plans are prepared so that they are at least 8 ½ x 11 inches in size and the scale is standard, being 10, 20, 30, 40, 50, 100 or multiples of 100 to the inch (such as 1":10', 1":20' or other multiples of 10). Include the following information in the plan set (information may be shown on multiple pages):
 - ☐ Existing Site Features: Show existing landscaping, grades, slopes and structures on the site and for areas within 100' of the site. Indicate items to be preserved and removed.
 - ☐ Drainage & Grading: Show the direction and location of on and off-site drainage on the plans. This shall include site drainage, parking lot drainage, size and location of storm drain lines, and any retention or detention facilities necessary for the project. Provide an engineered grading plan if necessary.
 - ☐ Utilities: Show the location of and access to all public and private utilities, including sewer, water, storm water and any overhead utilities.
 - ☐ Public Improvements: Indicate any public improvements that will be constructed as part of the project, including sidewalks, roadways, and utilities.
 - ☐ Access, Parking, and Circulation: Show proposed vehicular and pedestrian circulation, parking spaces, parking aisles, and the location and number of access points from adjacent streets. Provide dimensions for parking aisles, back-up areas, and other items as appropriate. Indicate where required bicycle parking will be provided on the site along with the dimensions of the parking spaces.
 - ☐ Site Features: Indicate the location and design of all on-site buildings and other facilities such as mail delivery, trash disposal, above ground utilities, loading areas, and outdoor recreation areas. Include appropriate buffering and screening as required by the code.
 - ☐ Exterior Lighting Plan: Show all exterior lighting, including the direction of the lighting, size and type of fixtures, and an indication of the amount of lighting using foot candles for analysis.
 - ☐ Landscape Plan: Include a comprehensive plan that indicates the size, species and locations of all planned landscaping for the site. The landscape plan should have a legend that indicates the common and botanical names of plants, quantity and spacing, size (caliper, height, or container size), planned landscaping materials, and description of the irrigation system. Include a calculation of the percentage of landscaped area.
 - ☐ ADA Plan Compliance: Indicate compliance with any applicable ADA provisions, including the location of accessible parking spaces, accessible routes from the entrance to the public way, and ramps for wheelchairs.
 - ☐ Architectural Drawings: Provide floor plans and elevations for all planned structures.
 - ☐ Signs and Graphics: Show the location, size, colors, materials, and lighting of all exterior signs, graphics or other informational or directional features if applicable.
 - ☐ Other: Show any other site elements which will assist in the evaluation of the site and the project.

☐ **TRAFFIC STUDY**

A traffic study shall be submitted for any project that generates in excess of forty (40) trips per p.m. peak hour. This requirement may be waived by the Director when a determination is made that a previous traffic study adequately addresses the proposal and/or when off-site and frontage improvements have already been completed which adequately mitigate any traffic impacts and/or the proposed use is not in a location which is adjacent to an intersection which is functioning at a poor level of service. A traffic study may be required by the Director for projects below forty (40) trips per p.m. peak hour where the use is located immediately adjacent to an intersection functioning at a poor level of service.

§ 15.235.030 - TYPE II PARTITION CRITERIA

DEFINITIONS:

PARTITION: To divide an area or tract of land into two or three parcels within a calendar year when such area or tract of land exists as a unit or contiguous units of land under single ownership at the beginning of such year.

PARTITION PLAT: A final map and other writing containing all the descriptions, locations, specifications, provisions and information concerning a major or minor partition.

GENERAL REQUIREMENTS:

No land may be divided prior to approval of a partition in accordance with this code. A land division is processed by approving a preliminary plan prior to approval of the final land division plat or map. Land divisions shall be processed under the Type II procedure unless a hearing is requested pursuant to §15.100.040 (G). These procedures shall apply to the preliminary plan approval. If there is compliance with the approved tentative plan requirements and conditions, the Director shall approve final plats and maps for land divisions as a Type I development permit.

Provide a written response that specifies how your project meets the following criteria:

- (A) Approval does not impede the future best use of the remainder of the property under the same ownership or adversely affect the reasonable development of such remainder or adjoining land or access thereto.
- (B) The partition complies with this code and implementing ordinances and resolutions.
- (C) Either:
 - (1) Improvements to be completed as part of the partition will be completed prior to final plat approval;
or
 - (2) The partitioner will substantially complete, as defined by city policies, required improvements prior to final plat approval, and enter into a performance agreement to complete the remaining improvements. The performance agreement shall include security in a form acceptable to the city in sufficient amount to insure the completion of all required improvements; or
 - (3) A local improvement district shall have been formed to complete the required improvements; or
 - (4) The required improvements are contained in a city or other government agency capital improvement project that is budgeted and schedule for construction.

PARTITION TENTATIVE PLAN CHECKLIST

The following information shall be submitted with each application. Incomplete applications will not be processed. Incomplete or missing information may delay the review process. Check with the Planning Division staff regarding additional requirements for your project.

☐ **FEES**

☐ **PUBLIC NOTICE INFORMATION** – Draft of mailer notice and sign; mailing list of all properties within 500’.

Submit one original 8-1/2" x 11" or 11" x 17" reproducible document together with 18 copies of the following information. In addition, submit two (2) full size copies of all plans.

☐ **CURRENT TITLE REPORT**

☐ **WRITTEN CRITERIA RESPONSE** – Address the criteria listed on page 14.

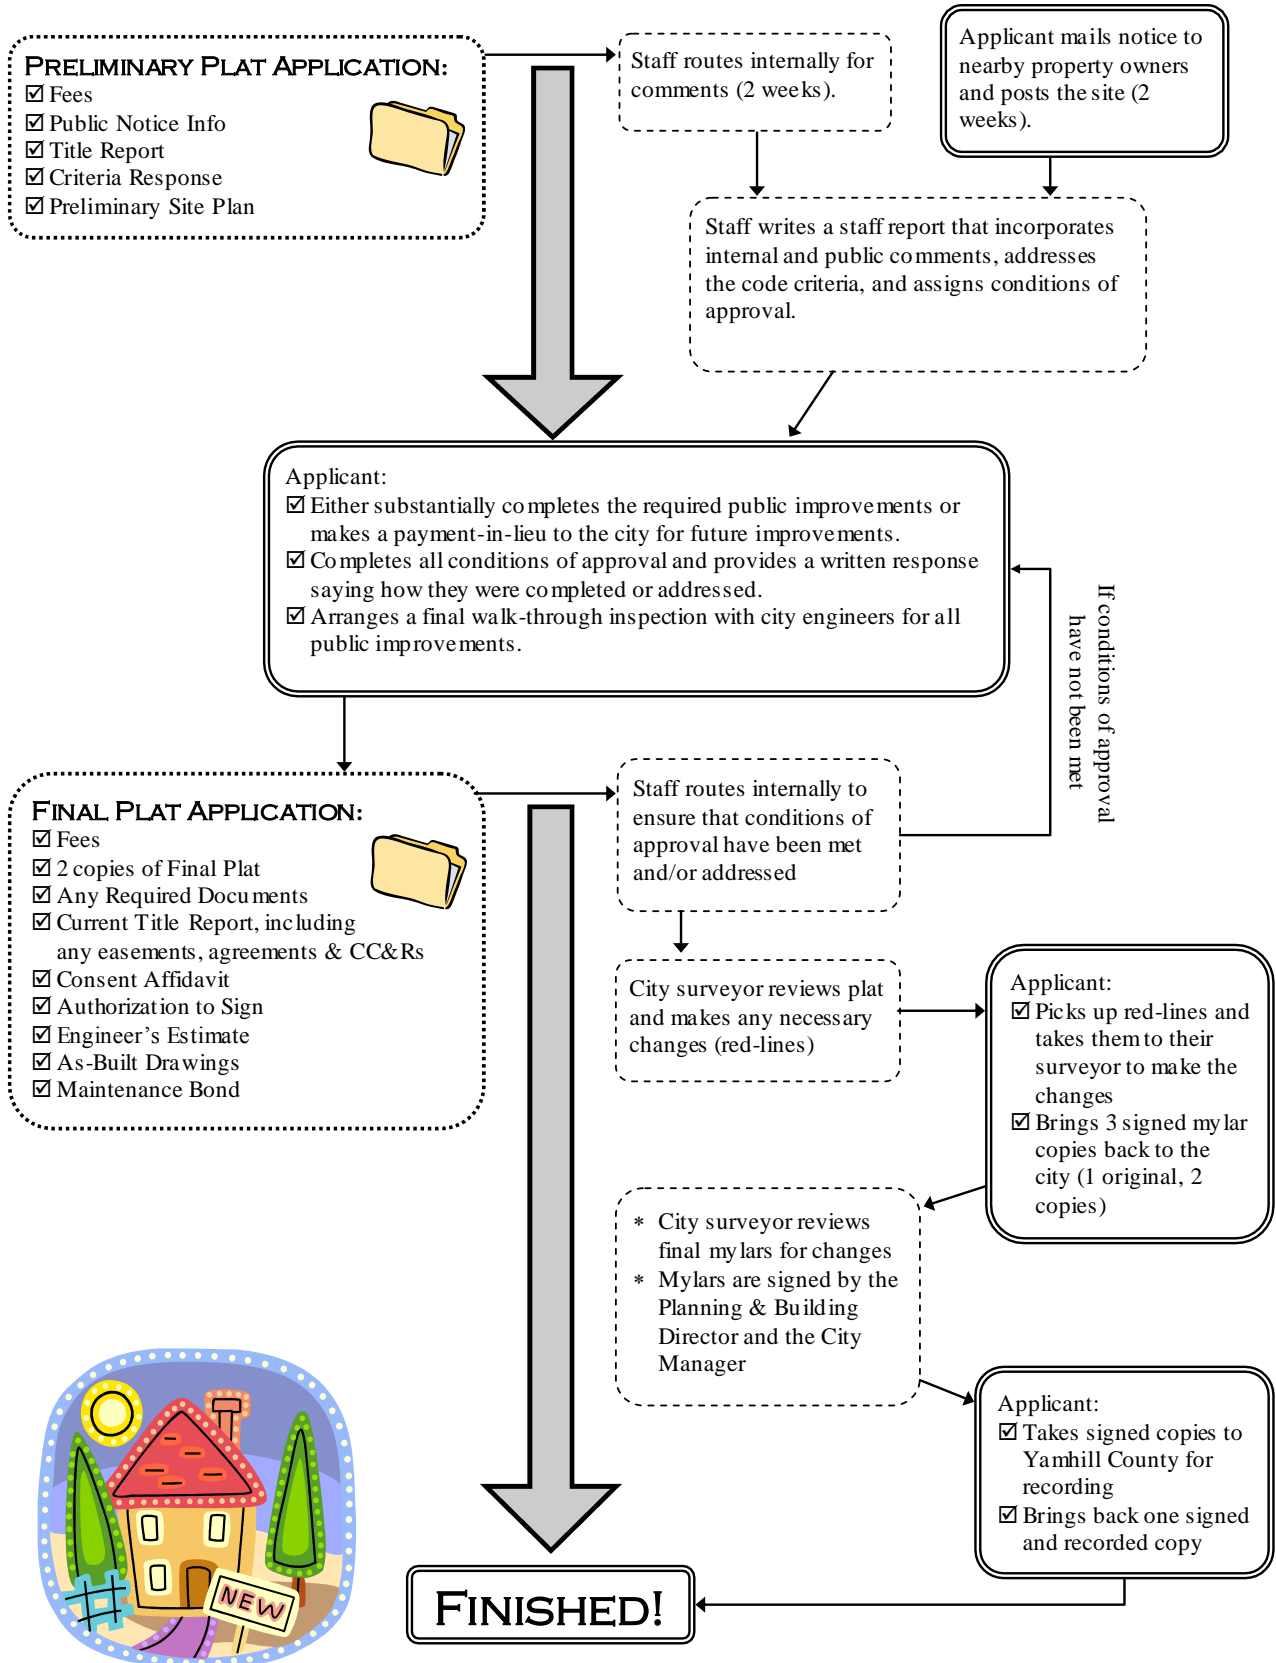

☐ **TENTATIVE PLAN**

The tentative plan shall be drawn with pencil or India ink on a good quality linen tracing cloth or suitable drafting material having the same or better characteristics of strength, stability and transparency, and shall show all pertinent information to scale. The scale shall be standard: 1" = 10', 20', 30', 40', 50', 100' or multiples of 100' to one inch. The tentative plan shall contain the following information:

- ☐ Map Elements:
 - Date, north point, scale, location and boundary description, dimensions of all lines, and a vicinity map locating the partition in relation to the surrounding area.
 - Contour lines relating to Federal or City data.
 - Names and addresses of the owner and the engineer or surveyor.
- ☐ Existing Site Features:
 - Show existing landscaping, grades, slopes and structures. Indicate items to be preserved and removed. Note distances to property lines for all structures.
 - Show the location and sizes of all existing sewer and water lines.
- ☐ Partition Layout: Include the sizes and dimensions of all proposed new parcels. Show streets, sidewalks and planter strips. Show any public areas to be dedicated as part of the plat, including parks or public walkways.
- ☐ Drainage and Grading: Show the direction and location of on and off-site drainage on the plan. Provide a preliminary site grading plan if the site is to be graded.
- ☐ Utilities: Indicate the proposed location of all utilities (water, sewer, storm water) to be installed. Include pipe sizes and the location of all laterals, catch basins, hydrants, etc in the plans.
- ☐ Public Improvements: Identify areas to be dedicated as public right-of-way and identify any public improvements that will be constructed as part of the development.
- ☐ Roads: Show the locations, names, widths and grades of all existing and proposed roads. Include the approximate radii of curves.
- ☐ Easements: Show all existing and proposed public and private easements on the plat, including access and utility easements.
- ☐ Street Tree Plan: Show the location of all street trees on the plan. The plan should have a legend that indicates the common and botanical names of the trees, quantity and spacing, size, and a description of the irrigation system.
- ☐ Other: Such additional information as is required by the Director.

PARTITION PROCESS

§ 15.235.050 - TYPE II SUBDIVISION CRITERIA

DEFINITIONS:

SUBDIVISION: To divide an area or tract of land into four or more lots within a calendar year when such area or tract of land exists as a unit or contiguous units of land under a single ownership at the beginning of such year.

SUBDIVISION PLAT: A final plat and other writing containing all the descriptions, locations, specifications, dedications, provisions and information concerning a subdivision.

GENERAL REQUIREMENTS:

No land may be divided prior to approval of a subdivision in accordance with this code.

A land division is processed by approving a tentative plan prior to approval of the final land division plat or map.

Land divisions shall be processed under the Type II procedure unless a hearing is requested pursuant to § 15.100.040(G). In order to qualify as a Type II subdivision, the applicant shall demonstrate that the following criteria have been satisfied:

- The land must be exclusively zoned for residential uses and be fully within the urban growth boundary.
- The land is solely for purposes of residential use, including recreational or open space uses accessory to residential use.
- The land does not include areas which contain Goal 5 Resources which are mapped and designated in the comprehensive plan and land use regulations. These resources include but are not limited to open spaces, scenic and historic areas, and natural resources.
- The proposed land division complies with the minimum street connectivity standards specifically identified in §§ 15.505.010 et seq.
- The proposed land division provides enough lots or parcels to allow building residential units at 80% or more of the maximum net density permitted in the zoning designation on the site.

These procedures shall apply to the preliminary plan approval. If there is compliance with the approved preliminary plan requirements and conditions, the Director shall approve final plats and maps for land divisions as a Type I development.

Provide a written response that specifies how your project meets the following criteria:

- (1) Approval does not impede the future best use of the remainder of the property under the same ownership or adversely affect the safe and healthful development of such remainder or adjoining land or access thereto.
- (2) The subdivision complies with this code including but not limited to §§ 15.340.010 through 15.440.080 and §§ 15.505.010 et seq.
- (3) Either:
 - a) Improvements required to be completed prior to final plat approval; or
 - b) The subdivider will substantially complete, as defined by city policies, required improvements prior to final plat approval, and enter into a performance agreement to complete the remaining improvements. The performance agreement shall include security in a form acceptable to the city in sufficient amount to insure completion of all required improvements; or
 - c) A local improvement district shall have been formed to complete the required improvements; or
 - d) The required improvements are contained in a city or other government agency capital improvement project that is budgeted and scheduled for construction.

SUBDIVISION TENTATIVE PLAN CHECKLIST

The following information shall be submitted with each application. Incomplete applications will not be processed. Incomplete or missing information may delay the review process. Check with the Planning Division staff regarding additional requirements for your project.

☐ **FEES**

☐ **PUBLIC NOTICE INFORMATION** – Draft of mailer notice and sign; mailing list of all properties within 500’.

Submit one original 8-1/2" x 11" or 11" x 17" reproducible document together with 20 copies of the following information. In addition, submit two (2) full size copies of all plans.

☐ **CURRENT TITLE REPORT**

☐ **WRITTEN CRITERIA RESPONSE** – Address the criteria listed on page 17.

☐ **TENTATIVE PLAN**

Tentative plans shall be prepared by an Oregon Registered Engineer or Oregon Licensed Land Surveyor. The tentative plan shall show all pertinent information, normally at a scale of one inch equals 100 feet to one inch. The scale may be increased or decreased to fit standard size sheets of 18 inches by 24 inches. The scale shall be standard: 1" = 10', 20', 30', 40', 50', 100' or multiples of 100' to one inch. Include the following information in the plan set (information may be shown on multiple pages):

- ☐ **Map Elements:**
 - Name and block numbering of the proposed subdivision.
 - Date, north point, scale, location and boundary description, and names of recorded subdivisions adjacent to the site.
 - Names and addresses of the owner and engineer or surveyor.
 - Contours on the site and within 100' of the site using the following method: (a) one-foot contour intervals for ground slopes up to 5%; (b) two-foot contour intervals for ground slopes between 5% and 10%; (c) five-foot contour intervals for ground slopes exceeding 10%.
- ☐ **Existing Site Features:** Show existing landscaping, grades, slopes and structures. Indicate items to be preserved and removed. Note distance to property lines for all structures.
- ☐ **Subdivision Layout:** Include the sizes and dimensions of all proposed new parcels. Show streets, sidewalks and planter strips. Show any public areas to be dedicated as part of the plat, including parks or public walkways.
- ☐ **Drainage and Grading:** Show the direction and location of on and off-site drainage on the plan. Provide a preliminary site grading plan, prepared by an Oregon registered engineer or land surveyor.
- ☐ **Utilities:** Indicate the proposed location of all utilities (water, sewer, storm water) to be installed. Include pipe sizes and the location of all laterals, catch basins, hydrants, etc in the plans.
- ☐ **Public Improvements:** Identify areas to be dedicated as public right-of-way and identify any public improvements that will be constructed as part of the development.
- ☐ **Roads:** Show the locations, names, widths and grades of all existing and proposed roads. Include the approximate radii of curves.
- ☐ **Easements:** Show all public and private easements on the plat, including access and utility easements.
- ☐ **Street Tree Plan:** Show the location of all street trees on the plan. The plan should have a legend that indicates the common and botanical names of the trees, quantity and spacing, size, and a description of the irrigation system.
- ☐ **Other:** Such additional information as is required by the Director.

☐ **CC&Rs:** Include a copy of any proposed codes, covenants and restrictions (CC&Rs) which will apply to the project.

☐ **TRAFFIC STUDY**

A traffic study shall be submitted for any project that generates in excess of forty (40) trips per p.m. peak hour. This requirement may be waived by the Director when a determination is made that a previous traffic study adequately addresses the proposal and/or when off-site and frontage improvements have already been completed which adequately mitigate any traffic impacts and/or the proposed use is not in a location which is adjacent to an intersection which is functioning at a poor level of service. A traffic study may be required by the Director for projects below forty (40) trips per p.m. peak hour where the use is located immediately adjacent to an intersection functioning at a poor level of service.

§ 15.215.040 - TYPE II VARIANCE CRITERIA

DEFINITION: A variance is an exception to provisions of this code where strict or literal interpretation of the ordinances contained herein would result in practical difficulty and unnecessary physical hardship.

GENERAL REQUIREMENTS: Variances may be used to allow modification to specific standards contained in this code if the approval authority finds the applicant has satisfactorily documented compliance with the approval criteria. If a variance request is approved, the approval authority may attach conditions to the final decision in order to mitigate adverse impacts which might result from the approval.

The following regulations may not be varied:

- The uses permitted in the land use district.
- Definitions.
- Restrictions on the use or development that contain the word "prohibited."
- Signs.

Provide a written response that specifies how your project meets the following criteria:

- (A) That strict or literal interpretation and enforcement of the specified regulation would result in practical difficulty or unnecessary physical hardship inconsistent with the objectives of this code.
- (B) That there are exceptional or extraordinary circumstances or conditions applicable to the property involved or to the intended use of the property which do not apply generally to other properties classified in the same zoning district.
- (C) That strict or literal interpretation and enforcement of the specified regulation would deprive the applicant of privileges enjoyed by the owners of other properties classified in the same zoning district.
- (D) That the granting of the variance will not constitute a grant of special privilege inconsistent with the limitations on other properties classified in the same zoning district.
- (E) That the granting of the variance will not be detrimental to the public health, safety or welfare or materially injurious to properties or improvements in the vicinity.

Have you met the criteria for a variance? Use these questions to help you determine whether your application meets the above criteria.

- 1) What code requirement and code section applies to the proposed variance (i.e: setback, lot coverage, height, etc.)?
- 2) What is the reason for the variance?
- 3) What difficulty or hardship would result from complying with the standard in the code?
- 4) How is your situation unique or exceptional and how is this different from other properties that have the same zoning (i.e: unusual lot shape, steep topography, stream on the property, etc.)?
- 5) What type of impacts would granting the variance have on the neighboring properties?
- 6) Are you aware of any concerns previously voiced by the neighbors and if so what are they?
- 7) What can you offer to minimize or mitigate the requested variance (i.e: landscaping, screening, public improvements, etc.)?

VARIANCE CHECKLIST

The following information shall be submitted with each application. Incomplete applications will not be processed. Incomplete or missing information may delay the review process. Check with the Planning Division staff regarding additional requirements for your project.

☐ **FEES**

☐ **PUBLIC NOTICE INFORMATION** – Draft of mailer notice and sign; mailing list to all properties within 500’.

☐ **CURRENT TITLE REPORT**

Submit one original 8-1/2" x 11" or 11" x 17" reproducible document together with 12 copies of the following information. In addition, submit two (2) full size copies of all plans.

☐ **WRITTEN CRITERIA RESPONSE** – Address the criteria listed on page 19.

☐ **WRITTEN STATEMENT** – Prepare a written statement of the precise nature of the variance that is being requested and the reason that you cannot meet the applicable code requirement.

☐ **SITE PLAN.** Make sure the plans are prepared so that they are at least 8 ½ x 11 inches in size and the scale is standard, being 10, 20, 30, 40, 50, 100 or multiples of 100 to the inch. Include the following information in the plan set (information may be shown on multiple pages):

- ☐ All existing and proposed streets
- ☐ Property lines and any easements
- ☐ Existing and proposed uses, structures, driveways and sidewalks
- ☐ Off-street parking and loading areas
- ☐ Landscaping
- ☐ Any other information that helps illustrate the proposal
